

Choose the correct statements for the E-R diagram shown in Figure 7.

Figure 7: E-R Diagram

- ☐ **Manages** represents entity set.
- ☐ **Employee** and **Project** represent entity sets.
- ☐ **Manages** represents relationship set.
- ☐ **Employee** and **Project** represent relationship sets.

Choose the correct statements for the E-R diagram shown in Figure 8.

2 points

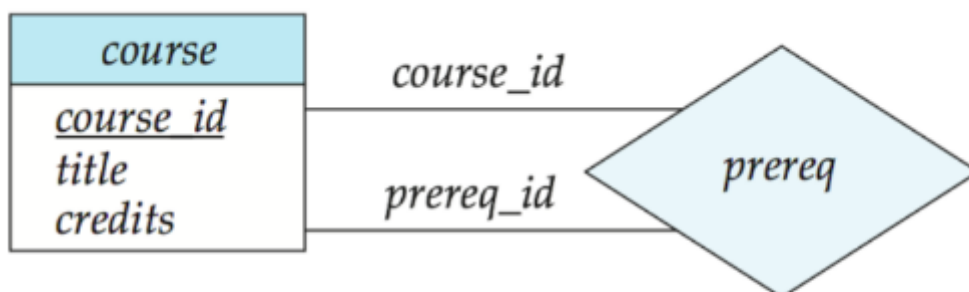

Figure 8: E-R Diagram

- ☐ `course_id`, `title`, `credits` are the roles of `course`.
- ☐ `course_id`, `title`, `credits` are the attributes of `course`.
- ☐ The labels `course_id` and `prereq_id` are called roles.
- ☐ The labels `course_id` and `prereq_id` are called attributes of **prereq**.

Which of the following statements is/are true?

2 points

- ☐ Total participation is represented by a double line.
- ☐ Total participation is represented by a single line.
- ☐ In E-R diagrams, a weak entity set is represented by double rectangle.
- ☐ In E-R diagrams, a weak entity set is represented by a dotted rectangle.

Choose the correct statements for the E-R diagram shown in Figure 9.

2 points

Figure 9: E-R Diagram

- ☐ Participation of **Employee** in **Manages** is partial.
- ☐ Participation of **Employee** in **Manages** is total.
- ☐ Participation of **Project** in **Manages** is total.
- ☐ Participation of **Project** in **Manages** is partial.

(Use the below information for question 5,6,7 and 8)

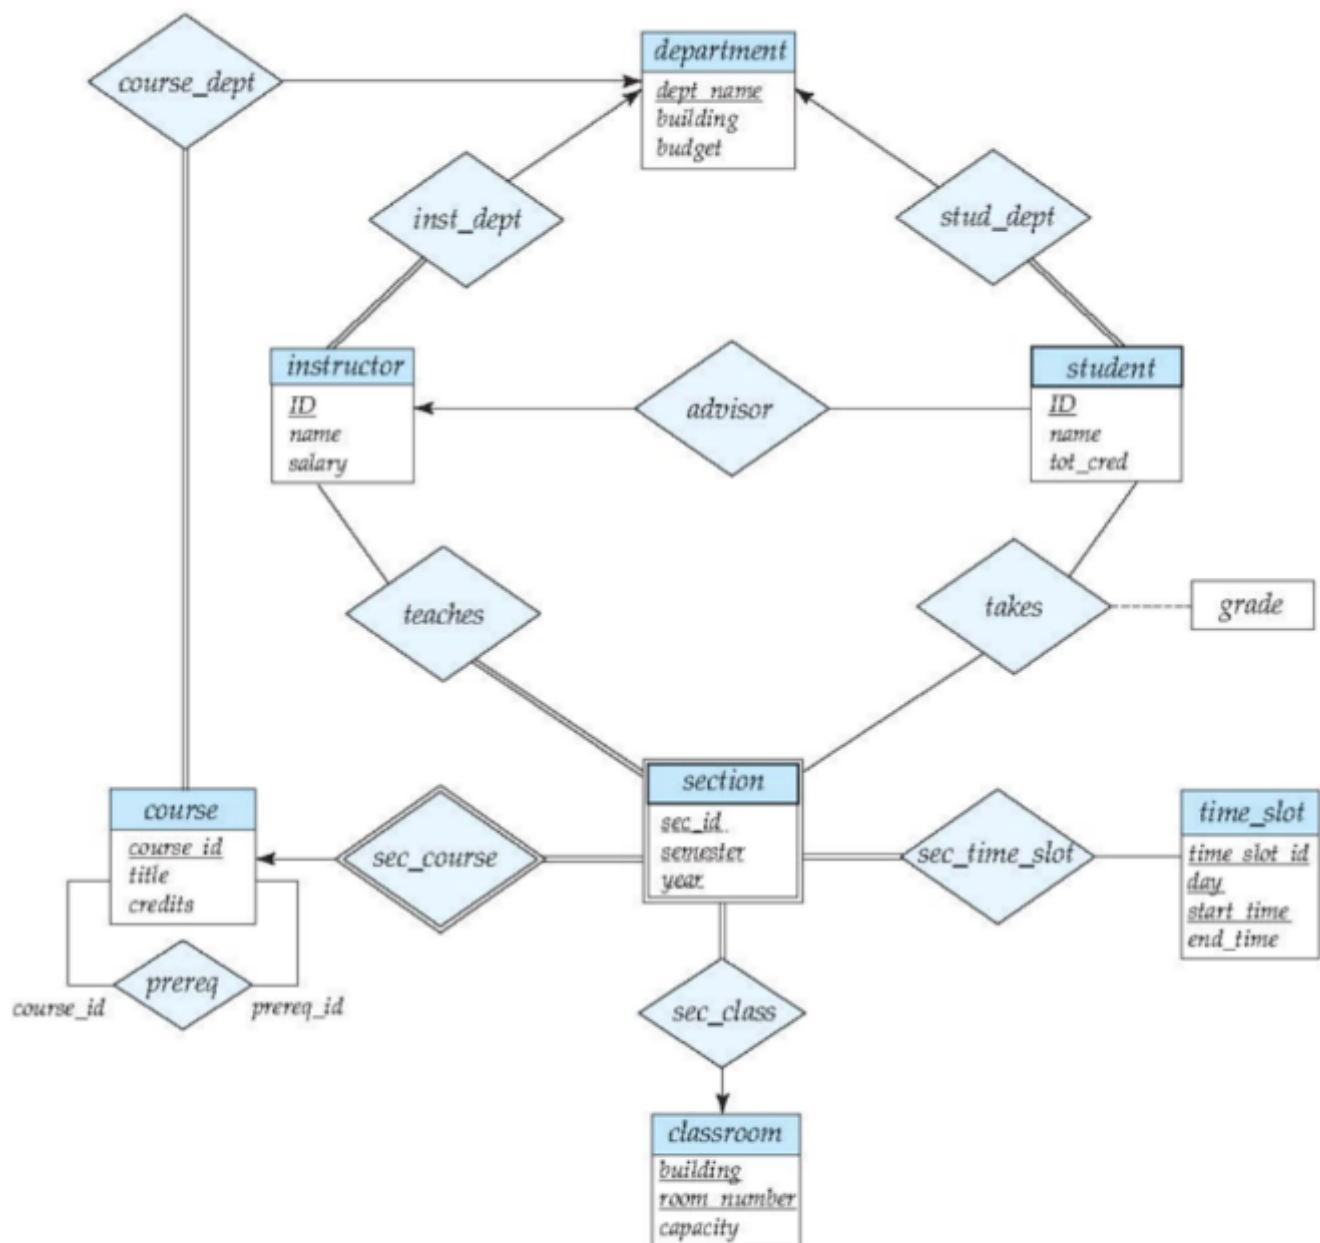

Figure 10: E-R Diagram

Which among the following is correct for the E-R diagram shown in Figure 10?

2 points

- ☐ There is many-to-one relationship between instructor and student.
- ☐ There is one-to-many relationship between instructor and student.
- ☐ section represents a strong entity set.
- ☐ None of the above.

Which among the following is/are correct for the E-R diagram shown in Figure 10?

2 points

- ☐ There is total participation of instructor in inst_dept.
- ☐ There is one-to-one relationship between section and student.
- ☐ section represent weak entity set.
- ☐ None of the above.

Which among the following is/are correct for the E-R diagram shown in Figure 10?

2 points

- ☐ The labels course_id and prereq_id are called roles.
- ☐ There is one-to-one relationship between section and timeslot.
- ☐ sec_course represents derived relationship between course and section.
- ☐ None of the above.

Which among the following is/are correct for the E-R diagram shown in Figure 10?

2 points

- ☐ There is partial participation of student in stud_dept.
- ☐ There is a many-to-many relationship between section and time_slot.
- ☐ There is a many-to-many relationship between section and student.
- ☐ None of the above.

Choose the correct statements for the E-R diagram shown in Figure 11.

2 points

Figure 11: E-R Diagram

- ☐ There is one-to-one relationship between **Employee** and **Project**

- ☐ There is many-to-many relationship between **Employee** and **Project**
 - ☐ Relationship set is represented by a diamond in an ER diagram
 - ☐ None of the above
-
